

Emotionally Website:

Homepage Features for Emotionally App (Website First)

♦ 1. Header (Top Bar)

- **Logo / App Name** on the **top left**.
- **Heart System (Top Right Corner):**
 -  **Heart Counter** – Displays current balance.
 -  **Plus Icon** – Opens a **popup modal** with:
 -  **Watch Ads** to earn free hearts (limit per day).
 -  **Buy Hearts** – Package options:
 - 10 Hearts – ₹XX
 - 50 Hearts – ₹XX
 - 100 Hearts – ₹XX
 - Minimal, clean modal with soft blur background.

♦ 2. Emotion Filters (Capsule-Style Tags)

- Horizontal scrollable or wrap-around capsule buttons (like chips):
 - e.g.,  **Sadness**,  **Love**,  **Anger**,  **Overthinking**,  **Healing**,  **Heartbreak**
- **Capsules are clickable** – On click:
 - **Filters the emotion feed** instantly to show only selected emotion posts.

- Active capsule is highlighted (e.g., colored or outlined).
 - **This section is always visible or sticky** for ease of access.
-

◆ 3. Emotion Feed (Card Layout)

- Scrollable feed showing **emotion posts written by users**.
 - **Card Elements:**
 - Emotion tag (small top-left corner).
 - Username or anonymous tag.
 - **Paragraph preview** (first 2–3 lines max) – must evoke curiosity.
 - “🔒 Unlock Emotion” button if paid.
 - “ Free” badge if the post is free.
 - Clean, spacious layout that doesn’t overwhelm.
-

◆ 4. Free vs Paid Emotions

- **Free Posts:**
 - Fully visible.
 - Marked with “ Free”.
- **Paid Posts:**
 - Only preview text visible.
 - CTA: “Unlock to read full emotion – 2 Hearts”.
 - Emotion excerpt must be emotional and relatable to **hook the reader**.

- After unlocking, the full post is permanently available to that user.
-

◆ 5. Unlock Modal (On Click)

- When user clicks “Unlock”:
 - Modal opens with:
 - Preview again.
 - 💖 Heart cost to unlock.
 - Confirm button.
 - “Need more hearts?” – Shortcut to watch ads or buy.
 - Smooth transitions (Gen Z loves smooth UI).
-

◆ 6. Design Language / UI Style

- **For Gen Z (but accessible to all):**
 - Calm and emotional color palette (lavender, blush pink, teal, soft gray).
 - Soft shadows, round edges, clean fonts (Inter, Poppins, or Urbanist).
 - Subtle animations (hover on cards, smooth capsule transitions).
 - **Responsive Design** – Works seamlessly across devices.
 - Avoid clutter — **focus on clarity, mood, and emotional tone.**
-

◆ 7. Footer / CTA Suggestions

- Floating or bottom CTA:

-  “Write Your Emotion” button to submit an emotion.
-  “How Hearts Work?” tooltip for new users.

Preferred UI
